

Valve Sealing Systems

The Industry Leader in Valve Sealing

- Wide range of materials
- Application specific "engineered sealing systems" available
- Upgraded replacement kits for Masoneilan®, Fisher®, and Valtek®
- Union labor available for outage work and all necessary on-site valve repairs
- Tracking and trending programs available

Performance Guarantees For Valve Applications

Success provides confidence. Due to our success in increasing valve performance on critical applications, we offer a 5 year guarantee for leak-free service on all AOV's and MOV's, and a 3 year guarantee on all block valves as part of our Valve Sealing Program. Talk to your local Equipment Reliability Specialist about increasing your valve performance and eliminating your headaches.
